STATSPEC

SUBJECT: [REDACTED]

STATSPEC

1. The Director has approved the allocation of the sum of \$1,000,000 from fiscal year 1948 funds for the purpose of constructing [REDACTED], subject to:

STATSPEC

a. Obtaining of adequate guarantees from the Army Signal Corps covering the communications problem.

b. Actual obligation, prior to 30 June 1948, of the total required amount not in excess of \$1,000,000 for the completion of this installation.

2. If the total funds required for this project under the limitations indicated above cannot be obligated legally prior to 30 June 1948, the approval of the Director for this project is withdrawn and further action in connection therewith will be subject to a further presentation to the Projects Review Committee and availability of funds in fiscal year 1949. It is not probable that fiscal year 1949 funds will be available in sufficient amount to cover this project.

3. The Chief, Services Branch, A&M, is charged with the responsibility for implementing the details of this project with the assistance of the other addressees above. Complete coordination and concurrences will be required for each step of development, and no funds will actually be obligated until it has been determined that the entire obligation can be made within the time limit stated. The Assistant Director for Operations will render every possible assistance in this connection.

4. Authorization is granted to arrange for and utilize the services of the Army Engineers to the fullest possible extent. Complete coordination will be maintained with both Army and Air Force authorities in development.
